amp power	1000 / 1400W
sensibility	136dB
frequency range	38Hz - 160Hz
connection	Speakon 2 x NL4 in parallel
dimensions (h x w x d)	430 x 530 x 550mm
weight / piece	29kg
composition	15 mm multiplex box with polyurethane coating
colour	black

AS1000

Every pro-audio lover will enthusiastically listen to what this subwoofer is capable of. A driver of no less than 15" is integrated. This will allow it to peak, up to 1400W.

The AS1000 is a passive subwoofer, designed for universal use, in big or small rooms, with either high or low volume. Its size reveals its power. Thanks to the bass reflex design you can always rely on maximum performance at low frequencies.

Together with the UNI75 or the UNI80, the AS1000 forms the perfect pair. This will turn any party room into a ballroom, any pub into a discotheque and any museum into an auditorium.
