

## SMART ZONE 4

*The Smart Zone 4 offers not just 1, but 4 ways to fill your house with music.*

The SMART ZONE 4 is a streaming pre-amplifier with 4 zones. You are to choose the music source for each zone: internet radio, Spotify, Airplay etc. give it a go. Would you like to connect additional external sources? There are plenty of inputs and outputs! And should 4 zones not be enough, you can also combine two SMART ZONE 4s or expand one of them by use of SMART HYDE-devices. For maximum flexibility, the SMART ZONE 4 leaves it up to you to see to amplification. (Our tips: 2x an ArtSound PRL1204 or an ArtSound AMP1250.) If you prefer 100% focus on the music, then you can integrate the SMART ZONE 4 with the included rack-earplugs. You obviously control it with your tablet or smartphone.
